

COMPUTER SCIENCE

October 3, 2007

Dear Friend,

On behalf of our Department and students I want to express our heartfelt gratitude for your generosity in supporting students in the BYU Computer Science Department. Your support makes a real difference in the lives of students who are striving to prepare themselves to make an impact in the world and to be representatives of the values of a BYU education. During 2007, donations from Microsoft employees have supported a number of students in their progress and we look forward to helping more students in 2008.

We will do our utmost to ensure that your support is used in the most effective ways possible to help our students become an influence for good. We wish you the very best in all of your goals.

Thank you,
